TRACKED SUBSTANCES

SOME SUBSTANCES ARE SO HAZARDOUS THAT:

- A record of what happens to them MUST be kept, from the date of their manufacture or importation into New Zealand, through to their end use or disposal
- At all times, they are either under the control of a person with the appropriate training (Certified/Approved Handler); or are appropriately secured
- The location of the substance is known throughout its lifespan in New Zealand, including disposal, and a record of this is kept

These substances can only be supplied after completion of this form and a copy of a Certified Handler Certificate or Approved Handler Certificate has been provided.

HAZARDOUS SUBSTANCES RESTRICTED TO WORKPLACE

SUBSTANCES RESTRICTED TO WORKPLACES

- Some substances are restricted to use ONLY in a workplace
- WorkSafe and the EPA regulations prescribe what information is recorded. This form helps suppliers, retailers and businesses/workplaces meet these regulatory requirements
- This paperwork needs to be completed BEFORE the product can be transferred
- These substances can only be supplied after completion of this form and the Competent Person Attestation has been signed.
- The Competent Person has, at a minimum, received information, instruction, and training in accordance with Health and Safety at Work Regulation 4.5 e.g. Growsafe or Chemical Handling training.
