

FUEL SOLUTIONS DIRECT TO YOU.

Farmlands has partnered with Kingspan, the global market leader in diesel storage solutions, to bring shareholders an exclusive equipment offer.

Which equipment offer suits you?

Regular scheduled deliveries of competitively priced fuel direct to site.

Sign a 5 year equipment loan and supply agreement.

*Terms and Conditions apply. Based on minimum volume requirements.

Kingspan FuelMaster 900L, 1,550L, 2,500L and 4,800L

FAST FLOW DELIVERY

56L/min pump for 900L, 1,500L, 2,500L tanks and 72L/min for 4,800L tank. Much quicker compared to gravity or on-ground tanks.

AUTOMATIC CUT-OFF NOZZLE

No spills or overflows compared to gravity or semi rotary tanks when nozzle left unattended

SAFE AND SECURE

Lockable design

UV PROTECTION

High quality polyethylene providing resistance to UV radiation, structural damage and changing weather conditions

RELIABLE

10 year guarantee on tank, 2 years on excellent quality parts backed up by nationwide NZ service agents

NIL TANK CAPITAL COST

Tank loaned provided volume thresholds achieved

LOW MAINTENANCE

Reduced condensation/water and rust compared to steel tanks, avoiding expensive engine/injector repairs

FILTER

10 micron particle and water filter

DOUBLE BUNDED

Environmentally safe leak proof design, fully compliant with regulations*

*900L single skin only

CABINET LIGHT

To assist filling operation

*Not on 1,550L
